Jenny Kemp advised that she has sent volunteer families an email advising them of their new family details and asking them to contact them prior to Prep orientation.

Prep and New Family Orientation

Kim is looking at putting together a P&F Welcome document which would also include an explanation of the P&F role. It would be ready for this year’s Prep Pack but would be available for the start of the 2013 school year.

Preparations for this year’s Spelling are well underway. John will organise it in 2013 and Lani will be in charge of administering the money raised.

Music Supporter’s Group

Kim has sent an email to all music teachers and Bernardette Egan outlining and determining the role of the group and highlighting that it does not involve fundraising. She requested that the music teachers submit their list of items to the P&F as a wish list of items they require. Kim has also sent an email to all music teachers and Bernardette Egan outlining and determining the role of the group and highlighting that it does not involve fundraising. She requested that the music teachers submit their list of items to the P&F as a wish list of items they require.

Sale of Trailer

Ian reported that the trailer was cleaned and the P&F signed the contract. They are now looking for a buyer. The trailer is an 8’ x 8’ x 14’ long. It will need to be sold for $1,000.00. It is a good buy at $1,000.00.

Ian has also investigated the sale price for the trailer. He has been looking at online prices and has found some suitable trailers at about $800.00. We will need to keep an eye on the market and sell the trailer.

A resolution was put forward and accepted to purchase the trailer and provide the necessary paperwork for reimbursement by the P&F.

It was also reported that Tracy Laidlaw has had a plumber in to the Shed to have a quote prepared for a scullery/sink. She hasn’t yet received the quote. Another option...

Alachua school district is tasked with providing a safe, healthy, and engaging educational environment for all students. Regulations must be followed to ensure the health and safety of all individuals. The district has implemented a variety of strategies to promote a healthy learning environment.

- **Air conditioning and classroom cleanliness:** Classrooms are maintained at a comfortable temperature with proper ventilation.
- **Hand hygiene:** Frequent handwashing is practiced to prevent the spread of illness.
- **Social distancing:** Measures are in place to maintain a safe distance between students.
- **Masks:** The use of masks is required when social distancing cannot be maintained.
- **Cleaning and disinfection:** Classrooms are regularly cleaned and disinfected to prevent the spread of pathogens.

No decisions were made in regard to the PEP; however, decisions were made in regard to the PEP:

- **School Board:** The School Board made decisions regarding the PEP for the 2020-2021 school year.

**Future Consideration:**

Classrooms at Alachua schools are subject to two major considerations:

1. **Health and Safety:** Classrooms are maintained at a comfortable temperature with proper ventilation.
2. **Hand hygiene:** Frequent handwashing is practiced to prevent the spread of illness.
3. **Social distancing:** Measures are in place to maintain a safe distance between students.
4. **Masks:** The use of masks is required when social distancing cannot be maintained.
5. **Cleaning and disinfection:** Classrooms are regularly cleaned and disinfected to prevent the spread of pathogens.

**Implementation of the PEP:**

- **School Board:** The School Board made decisions regarding the PEP for the 2020-2021 school year.
- **Implementation:** The PEP was implemented in all Alachua schools.
- **Measures:** The PEP was developed to ensure the health and safety of all students.

It was decided that the following action would be taken:

- **School Board:** The School Board made decisions regarding the PEP for the 2020-2021 school year.
- **Implementation:** The PEP was implemented in all Alachua schools.
- **Measures:** The PEP was developed to ensure the health and safety of all students.

It was decided that the following action would be taken:

- **School Board:** The School Board made decisions regarding the PEP for the 2020-2021 school year.
- **Implementation:** The PEP was implemented in all Alachua schools.
- **Measures:** The PEP was developed to ensure the health and safety of all students.

**Future Consideration:**

- **School Board:** The School Board made decisions regarding the PEP for the 2020-2021 school year.
- **Implementation:** The PEP was implemented in all Alachua schools.
- **Measures:** The PEP was developed to ensure the health and safety of all students.

**Conclusion:**

The Alachua school district has taken significant steps to ensure the health and safety of all students. The implementation of the PEP has been instrumental in maintaining a safe and healthy learning environment. Future considerations will continue to be made to ensure the well-being of all students.
Parents or students receive some feedback from other parents and teachers. This feedback helps improve the school's policies and procedures. Parents also play a key role in the school's decision-making process.

Scheme 1: All Change is Involved in such as the one at Head Street.

If was also proposed that parents be made aware of the process. Clubs are.

Preparation and introduction of external documents for fund raising

- For the Library that is not initially ready
- Leave until such time as it would also be able to support a wish list.
- Select the appropriate classroom co-operative is prepared on a larger scale.
- The PreK would create a wish list, which would help parents lose interest.
- The PreK would collect and collate all of the above design documents.

Action

In the area adjacent to the existing year 7 building.

- Address the needs and priorities, and extra classrooms would be required. Possibly additional prep classrooms would need to be located in the buildings and students could be located outside of the school. These might include an add for additional financial support. The PreK needs to consider all these options for potential benefits.

Counselling would open this area up to many other users and have many other educational goals and needs over the handful courses. Space over the handful to be enhanced. Additional suggestions for the area would include more cues.

A spending list was based on the PreK, but the PreK was discussed at the last meeting and is still not finalized.

Mr. Peter has conducted a preliminary small standing survey and is still conducting a larger one. He asked the PreK to consider if this project should be moved to the standing. The PreK would consider this project for a planning group since it would cost around £60,000 to £70,000. It would require substantial work outside of the PreK's time.
Next Meeting: Tuesday 13th November at 7:30pm in the Staff Room
Meeting closed: 9:37pm

Remarks

meaning

I was really surveyed skill in terms of future spending and am happy to share this into later in the classroom. In addition, physical education and PE are now being offered on a regular basis. A number of parent information sessions on enhancing our classroom learning effectively were held. We received very positive feedback about our efforts, including the concept of the whole school being involved in various activities. The family was a key at the end of last term was again very successful. Thanks to John Bates for
