MEDIA CONSENT FORM

Photographic/video/audio/communication consent and release

What is this consent form for?

Brisbane Catholic Education (BCE) administered schools collect digital, photographic and multimedia images of students for a wide range of reasons, such as:

- student participation at school and in school events;
- celebrating student achievements; and,
- promotion of an individual school, and/or BCE, and/or our associated entities.

These images are considered "personal information" of students. *The Privacy Act 1988 (Cth)* and the BCE Privacy policy regulates how BCE schools collect, use and disclose the personal information of students and families. BCE's Privacy policy can be accessed on each school's website or at <https://www.bne.catholic.edu.au/aboutus/legals/Pages/Privacy.aspx>

Media access is managed and supervised by BCE and schools:

- the school and BCE have the right to refuse media access where it would, in the opinion of the Principal and BCE, interfere with the student's well-being or with the operation of the school;
- media access to BCE facilities is entirely at the discretion of BCE; and,
- media access to students will be managed by representatives of the school and BCE.

BCE schools require informed consent from parents/legal guardians and in some cases students, to use their images. The consent form on the following page outlines various consent permissions.

Who should sign the consent form?

The student's parents/legal guardians should sign the form, along with the student themselves if age appropriate and certainly if the student is legally an adult (18 years of age or over). This ensures that the student is aware consent has been given or withheld. Regardless of the consent type provided, parents/legal guardians should inform the student of their decision in an age-appropriate manner.

While the school and BCE will make all reasonable efforts to ensure that only appropriately authorised persons complete the consent form and sign the authorisation section, BCE will not be responsible for circumstances in which it is misled as to the identity and authority of that person.

You must choose one type of consent from the options listed overleaf.

What happens to the consent form once it is filled out and signed?

The consent form will be placed on the student's file or record and retained by the school on behalf of BCE. If requested, a copy of the form will be made available to the student and/or the student's parents/legal guardians. You may, at any time, amend the consent you provide by contacting the school and completing a new form.

What happens to photographs, videos and sound recordings published previously if I decide to amend my consent from Public to a lower level?

If Public Consent is revoked, no new public use will be made of the student's image or personal information. Due to the viral nature of the internet – and especially of social media – BCE cannot guarantee that all images published prior to revocation of consent will be able to be removed from the internet.

Should you require any further information, please contact your school's Principal.

Student Device and Internet Resource Conditions of Use Statement

Computer and Internet resources have become critical to schools in facilitating and supporting learning and teaching. Technology resources are provided to students for educational purposes only. A breach of this statement will be managed under the School Behaviour Support Plan.

[Insert School Name] has established significant computing and communication resources to support these activities. This includes technology provided on school grounds and school-owned IT devices. The school has specific requirements relating to the use of IT devices.

This document informs students of their responsibilities when using student devices, Internet and other information and technology resources, consistent with Brisbane Catholic Education (BCE)'s requirements, that all such resources are used in an ethical, legal and responsible manner.

These Conditions of Use are a concise summary of the more extensive terms contained within the Acceptable Use statement. By agreeing to abide by this Conditions of Use, you are also agreeing to abide by the Acceptable Use statement. It can be read in the BCE public website: <https://www.bne.catholic.edu.au>

The content of posts also reflects on our school and school community. Once information is on the Internet it may not be possible to remove it.

3. Students must not display personal information about themselves or others in a way which is public. For example, students must not post their own or anyone else's address, telephone number or other personal details on the Internet or communicate these details in emails. Students must not distribute someone else's personal information without their permission.
